

FAQs

Hospitality Price List

I don't have Excel on my computer – can I still download the hospitality price list?

- The interim hospitality price list is a Microsoft Excel file that will require a computer or device with the correct software application.

Can I save the hospitality price list to my computer or device?

- Yes. The hospitality price list may be saved to your own computer or device. Please note that all prices are in effect for the specified time period and subject to change without notice. This report is provided for information only to assist hospitality customers with their purchasing decisions. The product description and price displayed at point of sale or presented on your invoice shall prevail.

Can I share the hospitality price list with others?

- The hospitality price list is provided for information only and is confidential for LDB hospitality customers and not intended for public release. We appreciate your cooperation in maintaining the confidentiality and integrity of the hospitality price list and Hospitality Product Catalogue.

Why is it taking so long to download the hospitality price list and search for a product?

- The hospitality price list is a large database containing over 60,000 SKUs of product. The hospitality price list has limited search capabilities and is best used for browsing and searching by SKU or product name.
